

NABH AYUSH - ENTRY LEVEL STANDARDS

TAKING QUALITY TO OUR ROOTS

Webinar on

25th May, 2020

11:00 AM to 12:30 PM

The objective of entry level certification program is to bring standardization and uniformity in AYUSH healthcare delivery and provide it as empanelment criteria for coverage under health insurance schemes.

NABH entry-level AYUSH certification standards for hospitals and AYUSH Centres are drafted in collaboration with Ministry of AYUSH. NABH has partnered with Insurance Regulatory and Development Authority of India (IRDAI) to carry out entry-level certification program and establishing a nationwide ecosystem.

Quality systems are the need of the hour. Peer review and certification by third party instills confidence to community and consumers. Entry-level certification standards are very easy, practical and doable.
